PROFESSIONAL SUMMARY

AI Engineer building production LLM features for multi-tenant enterprise software. Hands-on with RAG pipelines, tool-calling agents, MCP servers, and voice AI, delivered through Python and REST backends on Azure and AWS. Contributor to the Blue Yonder WMS chatbot, with a record of shipping end-to-end AI systems from prototype to deployment.

TECHNICAL SKILLS

Languages	Python, JavaScript, SQL, Bash
AI / LLM	LLMs, RAG, Prompt Engineering, Embeddings, AI Agents, Tool Calling, LangChain, MCP
AI Platforms	OpenAI API, AWS Bedrock, Vapi, n8n
Backend / Web	FastAPI, Flask, REST APIs, Next.js, React, Streamlit
Cloud / DevOps	Azure, AWS, Azure DevOps, Docker, CI/CD, Kubernetes (basics)
Data / Tools	PostgreSQL, SQLite, Vector Databases, Git, GitHub, Postman

EXPERIENCE

Junior AI Engineer

Jul 2025 – Present

SMART IS Private Limited, Rawalpindi, Pakistan

- Built and shipped AI features for enterprise applications using Python, LLM APIs, RAG pipelines, and backend services.
- Contributed to the **Blue Yonder WMS chatbot**, adding AI capabilities to a multi-tenant warehouse management platform.
- Implemented prompts, tool calling, and retrieval workflows that connect LLMs to live business data in production.
- Integrated REST APIs and third-party services; debugged and tested AI and application-level integration issues.
- Worked in **Azure DevOps** (Git, pull requests, CI/CD, work items) and containerized apps with **Docker** for development and deployment.

PROJECTS

Production AI Voice Receptionist

Vapi · n8n · Google Calendar

- Built a production voice agent that answers inbound calls, handles FAQs, books appointments, and transfers to business phone lines.
- Automated booking and CRM workflows by integrating Vapi with n8n, Google Calendar, and Google Sheets.

MCP Server for Warehouse AI Assistant

Python · MCP · REST APIs

- Developed an MCP server exposing warehouse operations as structured tools for an AI assistant.
- Integrated backend APIs so LLM applications can query and act on warehouse data through tool calling.

AI Chatbot with AWS Bedrock

Python · AWS Bedrock

- Built a conversational chatbot on AWS Bedrock foundation models with model API integration and multi-turn workflows.

EDUCATION

BS Computer Science

2021 – 2025

FAST National University of Computer and Emerging Sciences (FAST-NUCES), Islamabad

Dean's List · Gold Medalist, 1st Semester · Bronze Medalist, 2nd Semester
